**THIS IS NOT A LIEN:** This notice is sent to you to tell you who is providing professional services, materials, or equipment for the improvement of your property and to advise you of the rights of these persons and your responsibilities. Note that laborers on your project may claim a lien without sending you a notice.

#### OWNER/OCCUPIER OF EXISTING RESIDENTIAL PROPERTY

Under Washington law, those who furnish labor, professional services, materials, or equipment for the repair, remodel, or alteration of your owner-occupied principal residence and who are not paid, have a right to enforce their claim for payment against your property. This claim is known as a construction lien.

The law limits the amount that a lien claimant can claim against your property. Claims may only be made against that portion of the contract you have not yet paid to your prime contractor as of the time this notice was given to you or three days after this notice was mailed to you. Review the back of this notice for more information and ways to avoid lien claims.

#### COMMERCIAL AND/OR NEW RESIDENTIAL PROPERTY

We have or will be providing professional services, materials, or equipment for the improvement of your commercial or new residential project. In the event you or your contractor fail to pay us, we may file a lien against your property. A lien may be claimed for all professional services, materials, or equipment furnished after a date that is sixty days before this notice was given to you or mailed to you, unless the improvement to your property is the construction of a new single-family residence, then ten days before this notice was given to you or mailed to you.
